#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

#### **Organization and Programs**

Infinite Family was incorporated as a not-for-profit corporation in New York on December 29, 1998. Infinite Family NPC was started as an NPO (non-profit organization) and PBO (public benefit organization) in November 2010 in Johannesburg, South Africa and incorporated as a not for profit corporation in August 2014. Together, their charitable mission is to strengthen Black South African teens to overcome apartheid-era barriers and multi-generational poverty and violence to transform their lives by creating new opportunities through choices, actions and hard work during high school. This mission is accomplished through computer labs that Infinite Family builds and equips in township communities where South African teens are connected with volunteer adult mentors worldwide and skill-building resources that prepare them for school and life success. Exceeding expectations, since 2013 more than 96% of our remotely mentored 12<sup>th</sup> grade students are among "first in family" to attain college, then jobs not previously available to their parents.

#### **Principals of Consolidation**

The consolidated financial statements include Infinite Family and Infinite Family NPC, a wholly owned subsidiary that was formed in November 2010. All significant intercompany transactions and balances have been eliminated in consolidation.

#### **Basis of Presentation**

The accompanying consolidated financial statements are prepared on the accrual basis of accounting.

ASU 2016-14 effective for non profit organizations is applicable to Infinite Family starting with 2018. Aspects of this pronouncement include updating net asset classifications, providing liquidity and availability of resources and the presentation of the natural classification as well as the functional allocation of expenses. This pronouncement changes the financial statement presentation from previously issued reports in the following ways.

Net assets have been restated from three classifications to two:

Net assets without donor restrictions

Net assets with donor restrictions (this category will combine both temporary and long or perpetual restrictions)

Liquidity and availability of resources are now required to be qualitatively disclosed to present how cash needs will be met for general expenditures within one year of the date of the financial statements.

Functional classification of expenses are now required to be presented.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-continued

#### **Basis of Presentation-continued**

ASU 2018-08 is regarding contributions received and contributions made effective for fiscal years beginning after December 15, 2021. Although permitted, the Organization has elected to not early adopt this pronouncement.

ASU 2019-06 regarding Goodwill and Intangibles is effective as of May 2019. The ASU is not currently applicable to the Organization.

#### **Promises to Give**

Unconditional promises to give are recognized as revenue in the period received and as assets, decreases of liabilities, or expenses depending on the form of the benefits received. Conditional promises to give are recognized only when the conditions on which they depend are substantially met and the promises become unconditional.

#### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### **Contributions**

Contributions that are restricted by the donor are reported as increase in net assets without donor restriction if the restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished) in the reporting period in which the revenue is recognized. All other donor restricted contributions are reported as increase in net assets with donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the Statement of Activities as net assets released from restriction.

## INFINITE FAMILY MANAGEMENT'S DISCUSSION and ANALYSIS

#### INSTITUTIONAL AND FINANCIAL STRUCTURE

Infinite Family is comprised of Infinite Family, a US-based 501c3 non-profit company, and Infinite Family NPC, a South African non-profit corporation that is registered as a Non-Profit Organization (NPO) and a Public Benefit Organization (PBO). South African auditors at Douglas & Velcich conduct Infinite Family NPC's financial audits. Infinite Family's US audit and consolidated financials are prepared by Britts & Associates.

Infinite Family receives funding in US dollars, rand, pounds and euros from American, South African, British and European sponsors and is exposed to foreign exchange fluctuations. Fluctuations in the currency rates can affect year over year numbers, with more disruption in years with large volatility in currency markets. 2019 was a year of significant instability in South Africa following the resignation of President Jacob Zuma in December 2018 and retraction of the economy into recession. The nominal value of Infinite Family's contributions in United States dollars declined by 4.4% while its contributions in South African rand declined by 25.8% for a consolidated decline of 10.1%. However, 18.8% of that nominal change was due to the rand weakening against the dollar, from an average \$0.07605 to \$0.06934 per R1.0 (R13.1 to R14.4 per \$1.00. On a constant currency basis, South African rand contributions decreased by 18.7% reducing the consolidated decline to 8.2%.

Program, management and general, and fundraising activities are conducted by staff in the United States and South Africa with contributions received in multiple currencies allocated to activities in both countries. In 2019, the expenses in the United States and South Africa comprised 57.1% and 42.9%, respectively, of total expenses. The distribution of total expenses between program, management and general, and fundraising activities was 73.3%, 10.3% and 16.4%, respectively.

Infinite Family's financial statements are prepared in accordance with International Financial Reporting Standards for Small and Medium-sized Entities in South Africa and Generally Accepted Accounting Principles (GAAP) in the United States. However, management uses non-GAAP financial reports, including, but not limited to, Constant Currency Schedules of Activities and Financial Position to reduce the effects of currency volatility and to evaluate annual financial activities in a consistently comparable manner despite the currency volatility that may be experienced between periods.
