

Why Infinite Family Focuses on High School Graduation and Advanced Education

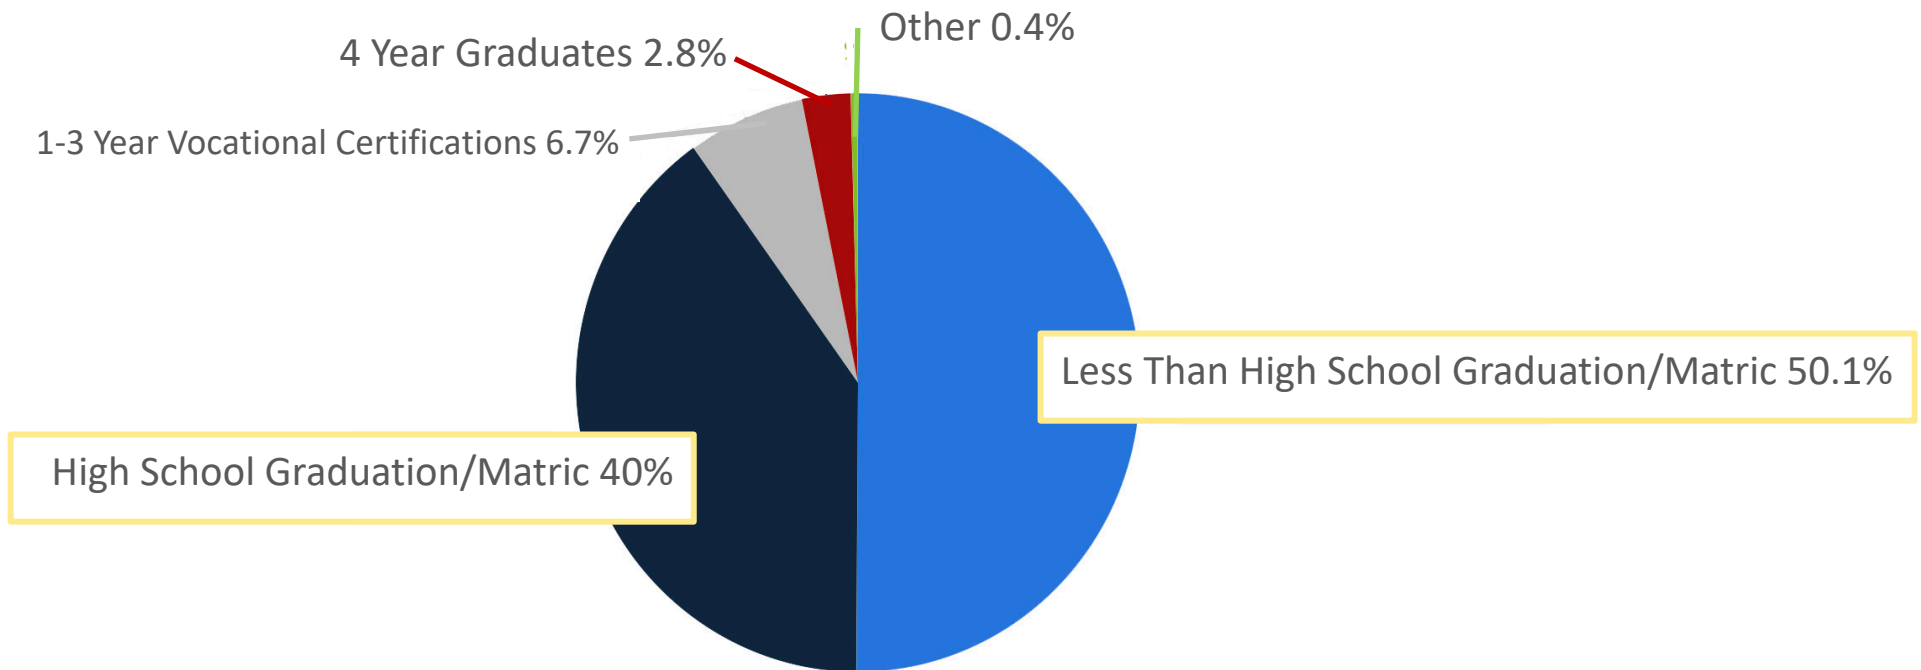

Infinite Family

*Taken from Video Mentors' Mastership Session
March 2023*

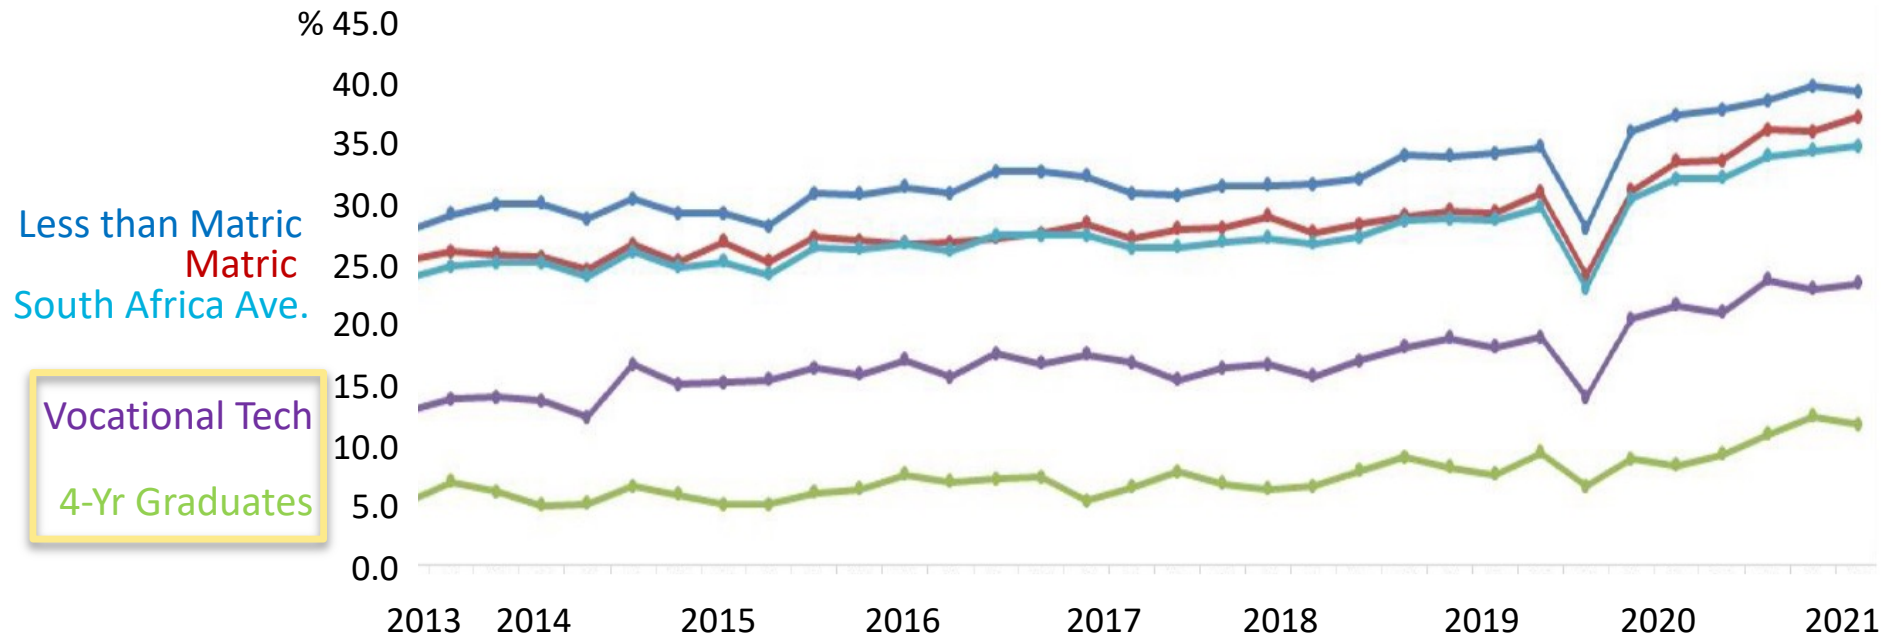

Nine out of ten (90%) of South Africa's unemployed people **do not** have any post-high school/matric education. High School Graduation/Matric 40%

% of Unemployed by Education Level, Q4 2021

... lower and shorter unemployment over time.

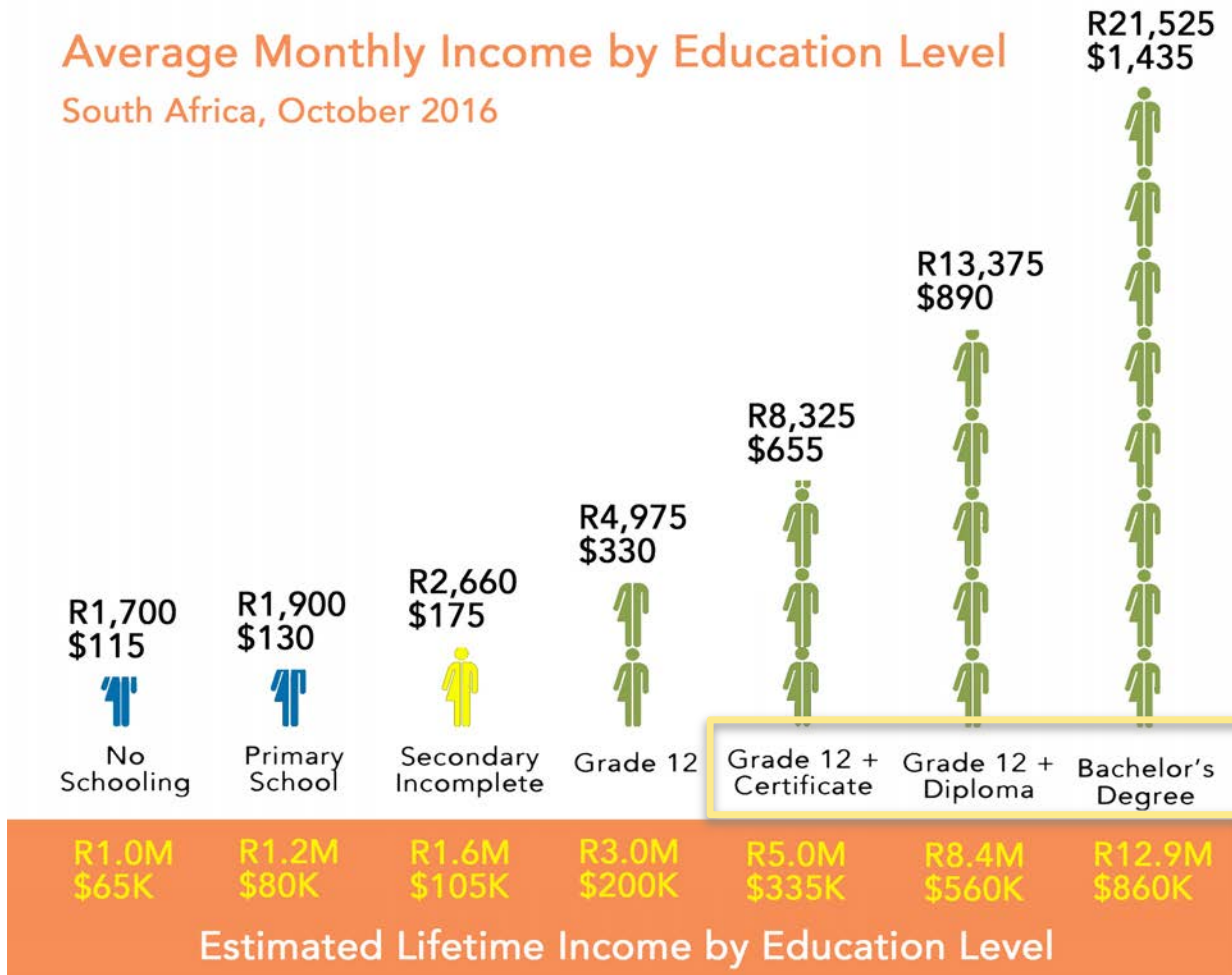

Unemployment Rate by Education Status, 2014-2021

Completing secondary/high school and advancing to any level of advanced education dramatically multiplies South African incomes.

Average Monthly Income by Education Level

South Africa, October 2016

Numbers are rounded for easier discussion.
